FORMING THE COMPLETE CHILD THROUGH FAITH, REASON & VIRTUE

**Nurse Lori Eaves**

My name is Lori Eaves and I am writing to introduce myself as the SMMCS school nurse. I absolutely loved working with our PreK3 – 8th grade students as well as our amazing staff here at SMMCS. I have 2 children who have attended SMMCS basically since they started school. My son Chase is currently in the 8th grade and my daughter Charlie is in the 5th grade. That being said, I have the same concerns as each of you about our children's safety, health and wellbeing, especially while they are at school. I approach my nursing practice with the attitude of "What would I do, or want done, if this were my loved one?" I want to assure each of you that your children's health and safety are my top priority. As far as my nursing background, I have been a Registered Nurse for 26 years. I began my nursing career at Mainland Medical Center in Texas City and UTMB in Galveston. I started in Medical Surgical Nursing and Pediatrics. I have since held positions in the ICU, Cardiac Unit, Burn Unit, Recovery Room, and spent over 18 years in the Emergency Room (pediatric and adult trauma). I served as a Charge Nurse, Manager, Educator, Skills Trainer, Rapid Response Team Member, and on the Mass Disaster Team. I am very excited about this opportunity to bring my experience in the medical field, along with my love of children, and passion for health and wellbeing together, to SMMCS. I look forward to caring for our awesome SMMCS students, getting to know their amazing parents, and working with this great staff this school year! Please do not hesitate to call, email, or stop by the clinic with any concerns.
